Hello, and welcome to a new Q&A! Please submit questions to [wespenre2@gmail.com](mailto:wespenre2@gmail.com) and put Q&A in the subject line. Here is this week's questions and comments:

**QUESTION 1:** I am aware of infiltration in the New Age movement but was taken aback when I read ascended masters. Is there an article or paper that focuses more on this? So many people claim they are channeling Jesus/Yeshua. It is very difficult to discern the truth from the bull. Just when you think you have it figured out. I appreciate you taking the time to answer.

**MY COMMENT:** According to my research, Ascended Masters can be one of two things:

- 1) *astral beings* who pretend to be something they are not and are therefore giving us disinformation, or
- 2) *discarnate humans*, who have climbed up the "ladder" in Yaldabaoth's ascension program and are now without human bodies, dwelling in another Cosmic "Heaven," designed by the Archons. These Ascended Masters are probably serious in their attempts to educate us

incarnate humans, but they are also stuck within the Matrix, whether or not they are aware of this, and therefore also ignorant, although sometimes they have a better overview than we do. So, the information that comes through the channeler is already distorted. Then we must add the channeler's personal biases to the picture, and we have double distortion. Still, it's not a complete waste of time to study the material because there is usually some truth in it. But there are better sources of information, in my opinion, such as the Nag Hammadi, Gnostic texts<sup>1</sup> (see the transcript for a link to the free texts).

Yes, it's difficult to discern with so much information out there, but the most important thing is how the information makes you feel. Can you apply it to yourself? Does it give you greater insights that can enhance your true knowledge and raise your soul vibration? What does your body tell you? Listen to your body—it is wiser than us so long as we are in this Construct. The body knows, so how does the information feel?

**QUESTION 2:** In your opinion, what is the most successful way to deal with entering the “dark night of the soul” without falling into a cycle of negative, numbness, or anger, and feeding into the loosh trap. Upon discovering the concept of the soul trap and learning about how to exit the Matrix, it is all so overwhelming, but I will say that the information you provide is extremely valuable and helpful.

**MY COMMENT:** What you are talking about is so-called “shadow work” or “inner healing” from trauma and amnesia. When we're processing our inner dark side, all these negative feelings will and must surface because they are the ones we must handle and heal. I have tried many ways of doing this, and so far, there are only two practices that have really helped me. The best results are accomplished if both these practices are applied:

- 1) You have a partner that you can be completely open with and who does not judge you, regardless of what is coming up when you look into yourself, and you must treat that partner the same way. It requires that you both are completely open with each other and fully trust each other—even when you feel the deepest shame, guilt, or any other unwanted emotions. You share everything. This is *communication* and *sharing*, which are the two most powerful tools we have when interacting with each other and to heal from trauma—even professional psychologists say this is better than any psychotherapy. Both these two have been completely corrupted in this Matrix, and people judge each other and abuse each other, which prevents real communication and sharing one's inner thoughts with others—intimacy and vulnerability, in other words. If we can't give that or receive that, we have a long way to go. We need intimacy in our lives—at least with one person. That will speed up the healing process exponentially. We need a trusted catalyst.
- 2) When negative thoughts, behaviors, or emotions surface from the subconscious, reactive mind, stop the process inside your mind and look at them. Are they necessary and appropriate

to the situation, or could you handle things in a better, more positive, and creative way, using your conscious mind instead of your reactive mind? If so, reprogram yourself. Exchange the negativity with something positive you would rather experience. Then, every time these thoughts, for instance, come back, repeat the new phrase and act upon that instead. Within 21-30 days, you will have reprogrammed yourself, and the negativity that used to surface is not bothering you anymore, and you will act more like yourself, without the reactivity. You do the same thing with anything and everything that comes up that is unwanted.

I dedicated an entire video to this for those who are interested. It's called, *Video 274: How to Reprogram our Minds*<sup>2</sup>.

**QUESTION 3:** Is the purpose of the grid two-fold? One where it traps us and the other to trap the archons?

Is there any possibility that riding our light bodies to outside the grid and to then start a war somewhere else will be successful? And would that finally be the true "end of the grid"?

**MY COMMENT:** The Grid was set up the way it is for many purposes. The initial purpose with a Grid was to keep the human soul group together "as one," so we were connected and could more easily accomplish our task to help lighting up the Universe with Spirit and to come out from Sophia's/the Queen's Experiment with more love and compassion than when we started. It was supposed to be a group effort, and we would do it in "one go," without any death in between, and we were supposed to graduate together.

However, a part of the original Divine Experiment was hijacked by En.ki and other archontic forces, and some humans, which are us, got trapped here. The Archons stole Orion technology and created their own Grid with our soul energy. This is now the Grid that isolate us here in the Matrix/Kenoma. So, right now, the purpose of the Grid is to keep outsiders away and to prevent us from exiting/escaping. The Grid also keeps the Archons and their Minions relatively safe, as they can hide inside the Grid in their twelve to fourteen Heavens, depending on which reference we're using. There are seven Heavens above us and five or seven Heavens below us. So, one could say the Archons use our soul energy—the Grid—as shields, so it will be more difficult to attack them from outside.

I personally don't think a war against Orion will be successful, but the problem is that many human souls could be terminated in the process, as discussed elsewhere, such as in the Wes Penre Papers and in various videos. But if a war will happen, the Grid will already be gone by then, substituted by a new Grid, which is the A.I. Cloud Silicon Valley is talking about. That will be humanity's new trap.

**QUESTION 4:** You refer to "The Metaverse and The Road to The Singularity", and express it as being the most important issue because it's where The Virus and Vaccination come into the picture. Are you making reference to AI, thus Artificial Singularity, as well as the Natural, Divine Singularity aka "The One" Almighty Divine Creator original source? If so, then is "The Virus and Vaccination" an expressed means with which AI, "Artificial Singularity" is battling "Natural Divine Singularity?"

**MY COMMENT:** I am distinguishing between the Singularity, which is transhumanism, in progress and instigated by the Global Elite, and above them, the Khan Kings—the archontic forces, and the Orion forces, who are working for the Divine. The Singularity you are referring to, i.e., Oneness, which goes under many names, such as All That Is, Source, the Monad, and First Source, etc., is not directly part of this. Our destiny as a human species is not to merge with Source and become ONE again. We are, and will continue to be individual units of consciousness, aka souls/minds/Spirit. Eventually, we may ascend to the Pleroma—the Spirit Realm—but even there, we will perceive ourselves as separate from Source—more like emanations from Source, emanated in order to create and experience on behalf of ourselves and of Source Himself.

**QUESTION 5:** About Galzu [mentioned in Zechariah Sitchin's work]- Any additional information you could point me to about this figure? It would appear that he, rather than Enki, is the character in the Noah/Deluge story to whom humanity actually owes a debt of gratitude. Do you believe this entity really exists or existed? Is the name itself significant in any way? Does his character have some connection to Melchizedek? Perhaps just a cheeky wink to the "GALactic Zoo" we are all a part of?

**MY COMMENT:** While I was writing the Wes Penre Papers, it came to my knowledge that Galzu, as mentioned in Sitchin's work, was not a male at all—it was the Queen/Sophia. So, somewhere along the line, it got twisted, and Galzu became masculine. Galzu/Sophia told the intruding Anunnaki to leave our planet immediately, and they did.
